

Lieutenant Governor of Manitoba

**MESSAGE FROM
THE LIEUTENANT GOVERNOR OF MANITOBA**

As the Queen's representative in Manitoba, I am pleased to extend vice-regal greetings to MTS Allstream on the occasion of your 100th anniversary. Such a significant milestone is an excellent opportunity to celebrate the growth and many achievements of your company.

MTS has a long, proud history in our province. From the early days as a telephone provider to today's world of high-tech telecommunications, MTS continues to keep Manitobans connected. Your commitment to the community is clearly demonstrated through your good work as corporate citizens while your positive impact on our economy remains vital.

It is easy to take for granted the simple act of making a phone call or sending an e-mail. That is why it is important to be reminded that a century of dedication and innovation is responsible for making these everyday tasks possible. I offer sincere congratulations to MTS Allstream on this historic occasion. We greatly value your strong presence and many contributions to our province and wish you every success in the future.

A handwritten signature in black ink, appearing to read 'J. Harvard'.

The Honourable John Harvard, P.C., O.M.
Lieutenant Governor
